

NOTICE

Date: 14/10/24

The faculty with CodeSquad and IIC is organizing an Internal Mini Hackathon for all students of the faculty. This hackathon will be beginner-friendly, encouraging teams to solve real-world problems using any programming language or tool.

Date & Time: Tuesday, 18th October 2024, 12:00 PM – 4:30 PM

Venue: L8/9/10

Event Guidelines:

1. Team Formation:

- Each team should consist of minimum 3 to maximum 5 members.
- Teams can have a balance of members from different levels of expertise (Design, backend, database)
- Students are free to choose their teams from any semester, but each team must have a designated Team Leader and a member can be a part of a single team.
- Teams can optionally choose a faculty mentor and a faculty can mentor a single team.
- Teams should register by Thursday, 17th October through the provided registration link.

2. Project Theme:

- Teams will be given the hackathon theme at 12:00 PM on the event day.
- Teams are encouraged to brainstorm and work collaboratively on a solution that can be implemented and demonstrated within the given timeframe (4 hours).

3. Tools and Platforms:

- Teams can use any programming language or platform/tool they are comfortable with, including but not limited to C, Java, Python, React, PHP, Android, or Excel.
- Each team can bring their own laptops and necessary software tools.

4. Judging Criteria:

- Innovation: Creativity and originality of the idea.(20%)
- Implementation: Functionality and completeness of the project.(50%)
- Teamwork: Collaboration and coordination within the team.(15%)
- Presentation: Clarity and effectiveness of the final project demonstration.(15%)

5. Prizes:

- All participants will receive certificates and winning certificates will be awarded to the top 3 teams based on overall performance.
