

LACHOO MEMORIAL COLLEGE OF SCIENCE AND TECHNOLOGY (AUTONOMOUS)

DISTINCTIVENESS

With the vision towards the development of student as a responsible citizen, college is focusing the moral and ethical teaching. The imparting of quality education is the sole mission and priority of the college. The mandate of quality education is progressively achieved by moderating the curriculum as a practice event. Moreover the college management, faculty and staff are constantly focusing upon the students of any background to help them out to make term competent for academic and industrial organizations.

The augmentation of CBCS pattern and skill development courses provides the students with the broader sense towards employability. For the up gradation of the knowledge quantum of students departments are constantly focusing upon the conduction of external and internal seminars in the relevant subjects.

Students are motivated to be the part of off campus research organization to carry out their dissertation/training work. The continuous effort in academics resulted in the selection of the students in various competitive exams/industrial placements.

College has also adopted the internal green audit mechanism towards the sustainability of green and clean campus. The routine plantation and promotion for pollution free certified vehicle entry in the college campus is the primary domain towards it. The staff and students are also motivated to adopt the culture of NO FUEL DRIVEN AUTOMOBILE use in a day of week to step ahead towards pollution free college area.
