

LACHOO MEMORIAL COLLEGE OF SCIENCE AND TECHNOLOGY (AUTONOMOUS)

Established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

College has established and well maintained infrastructure to provide the necessary academic and non-academic facilities to the enrolled students.

Physical infrastructure encompasses the classrooms, laboratories, auditorium, conference hall, indoor sports complex, common rooms for students, water huts, washrooms, play ground, parking etc.

Physical facilities are monitored in an organized manner with the help of supporting staff under the supervision of authorities like Principal, Head of department, Engineering cell and supervisors.

The execution of maintenance protocol is achieved by triple layered maintenance system. Primary level functioning is ensured by supporting staff on regular daily basis by cleaning and checking of the facilities. At secondary level the authorities inspect about the proper functioning and resolution of short coming if arises and at the tertiary level any specific complaint if recorded in complaint register is thoroughly monitored by principal and engineering cell of the college.

Classrooms and laboratories are closely managed by the supporting staff in terms of cleaning and organized sitting furniture. All the labs of different disciplines are facilitated with lab assistants and staff to maintain laboratory set up related to instruments functioning/service, availability of chemicals and hygiene of working areas.

Library in the college is supporting the students with the books of related subjects in proper hard bound forms. The automated software installed in library facilitates the faculty and students to provide the information about the book availability. Issue and return of the books are closely monitored with an established protocol by library in-charge and staff. The end users are constantly inspired by relevant authorities to maintain the good health of the books.

Play ground in college premises is constantly managed by the defined gardening staff and greenery component of ground is adequately monitored on routine basis.

College has come up with the marked parking facility, system for two and four wheelers or students as well as faculty. Separate areas have been marked for girls, boys, faculty and authorities of the college. The entry and exit points are closely monitored by security staff and CCTV cameras to provide the secured parking.

Auditorium and conference hall in the college are assembled with the organized air cooling and sound systems. The routine service and inspection are performed under the supervision of authorities to execute the proper functioning.
